

POLS 329 : Social Science Research Method

In this course, students will think systematically about ways to answer questions with different foci, but the skills developed will help students think more productively about the academic questions students find most pressing. (Subfield Designation: T) (A.R.T.S Designation: R)

Credits 3

Prerequisites

[POLS 111](#) or [POLS 121](#)

Attributes

Analytical Reasoning

Pre-req

Research Component

Upper-Level
