Majors and Minors

Earlham encourages students to develop broad, inquisitive minds to seek the truth in all contexts and strives to offer as many learning opportunities as possible: on campus, in the surrounding community and in programs around the globe. Earlham offers 42 majors and 39 minors, which are organized around four academic divisions (Visual and Performing Arts, Humanities, Natural Sciences and Social Sciences). They also include innovative interdisciplinary and multidisciplinary programs that emphasize and explore the connections between fields and allow students to explore an expansive area of inquiry as well as focus on methods and theories from specific disciplines. Students may opt to combine two majors, or a major and a minor, for their Bachelor of Arts degree.

With the guidance of their academic advisor, students must declare a major by the end of their fourth semester.
